PROJECT NAME: Rhodes State College Senior Viewbook

PROJECT TYPE:

College Viewbook

PROJECT DESCRIPTION:

I was tasked with redesigning Rhodes State's Viewbooks. For research I collected view books from various colleges, researched photographers who worked in Higher Education and did concept sketches. From there I prepared mock ups of the books with placeholder photos and drawings. We then had photos produced by me and a photographer, and connected with a print vendor. The result was this view book with a back packet for an application and slots for a recruiters business card.

PROJECT NAME: Ohio Resource Center

PROJECT TYPE: Electronic Magazine

PROJECT DESCRIPTION:

In an effort to support early childhood education The Ohio Resource Center began a program to collect and produce instructional and professional development resources supporting Pre-K and K educators. One of these resources was a monthly magazine for Early Learning professionals. I designed a variant/sub-brand for use in this project, and the magazine itself. I also procured images either from the instructors themselves, photo libraries or created by me.

PHOTOGRAPHY EXAMPLES

TYPE: Event Photography

DISCRIPTION:

Attending and documenting campus events was a responsibility of mine in both positions at the Ohio Resource Center and Rhodes State College. At these events I would take candids and video of the attendees, group photos of the organizers and presenters, and other. These photos were often used in marketing materials(print and online at both the Ohio Resource Center and Rhodes State College. These are just a selected few of the candid photos.

DISCRIPTION:

Unfortunately photos from our events would not be enough content to adequately market the ORC/college. To limit the amount of stock imagery that was used I and the rest of our marketing team would arrange photoshoots to acquire these images. Here are a brief collection of photos I shot, art directed and post processed.
